January 01, 2013 Narrowband Deadline Date
All FCC Part 90 Public Safety & Business/Industrial 150 MHz through 512 MHz licensees must migrate to 12.5 KHz (or less) narrowband emissions.

Your Fast and Efficient Source for Narrow-Band Migration License Modifications is EWA.
The 2013 deadline date is closer than you think.

Use this special Quick Form: EWA will file your license modifications with the required narrowband emissions.
Business/Industrial fees per call sign: \$175 license preparation, \$100 coordination, \$60 FCC Public Safety per call sign: \$175 license preparation, \$25 FCCA coordination

Provide EWA with the following information – it's that easy!

Licensee Name: _____ **Contact Person:** _____

Phone: _____ **Email:** _____

Call-signs: _____

I am requesting EWA to add or replace these emissions to the above licenses:

11K2F3E 11K2F1E 11K2F2D 11K2F1D 7K60FXE 7K60FXD

4K00F1E 4K00F1D Other: _____

Method of Payment:

Check payable to EWA

Credit Card Type: _____ Card # _____

Name on card: _____ **Exp Date:** _____

Cardholder Signature: _____

Fax completed form to 703-524-1074 or 717-337-9157, mail to either EWA office above or email to customerservice@enterprisewireless.org.

Please be advised: Any additional modification requests or missing information may require coordination services and incur additional fees. For assistance, call 800-886-4222 or 800-482-8282. Thank you.

FORMERLY
